

# Bike Sharing Daily

Anna.X

2025-01-25

here i present will my finding and solutions to the Capital Bike Share Program

here we to demonstrate the relataship bewteen casual rider vs registered rider

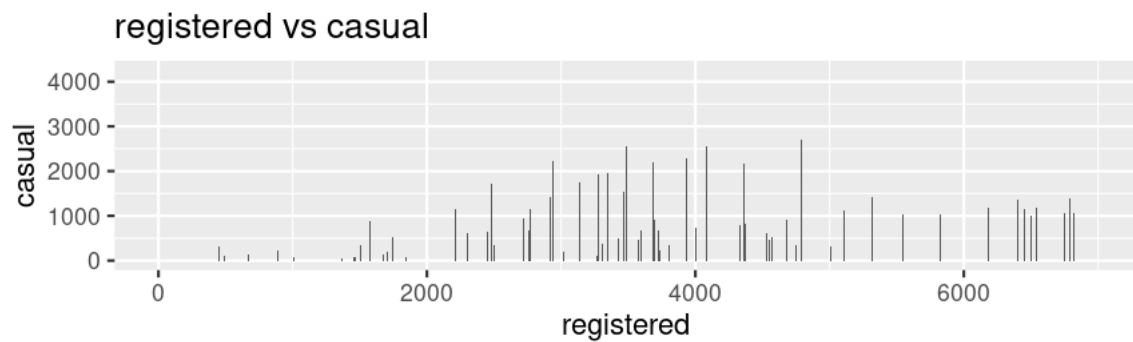

Figure 1: caption

Now look at how much people use the bike during the seasons

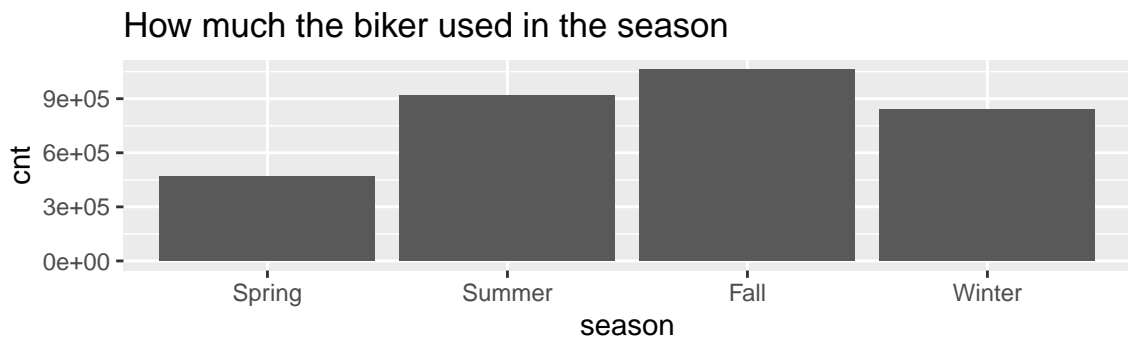

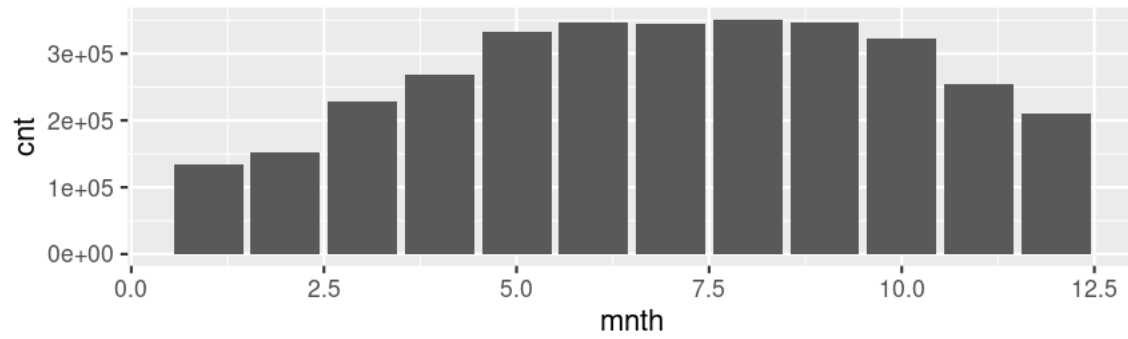

Figure 2: caption

Seeing that fall is the most busy time for bike rider, the company should focus on bring more bike in fall seson.

It seem the the total of bike rider is also highest in August and September.

with  
this, I conclude that the end august or the begining of septemter is busy and best time for company to offer  
to customers.
